

Project Delivery Education Program

“From the Idea to Final Completion”

Construction Specifications Institute (CSI) Continuing Education

Construction Documents Technologist (CDT) Exam Preparation

12 weeks, 12 classes starts **Wednesday, January 18, 2012**

4:00 to 6:00 pm

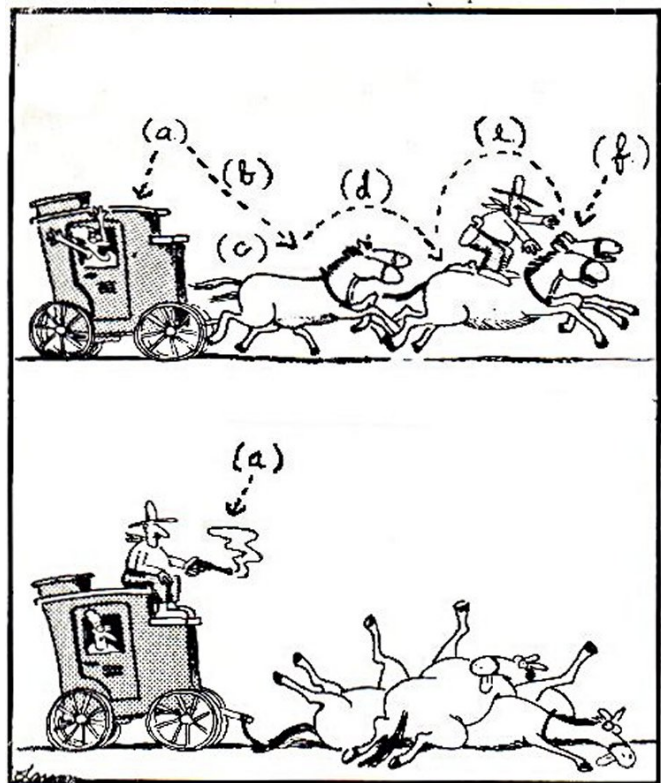

You do not have to be a member of CSI to take this class or the exam. You are eligible for AIA CES learning units for taking this course.

The **Project Delivery Education Program** is based on CSI’s “**Project Delivery Practice Guide**”; these classes provide the foundation knowledge in construction process for architects, owners, contractors, subcontractors, contract administrators, specifiers, engineers, manufacturers’ representatives.

It promotes an understanding of contractual agreements, roles and responsibilities, drawings and specifications, construction delivery systems, construction administration.

It shows how to consistently develop organized, effective construction documents.

Apprentice Architects preparing for the Architect Registration Exam (ARE) and in the IDP 2.0 will receive 5 training units from NCARB for passing the CDT exam.

Dream Design Achieve
How can you get the result you want,
the first time, every time?
Take the CDT Class and find out.
