

**The Construction
Specifications
Institute (CSI)**

**“The Construction
People”**

Mt. Rainier Chapter
Tacoma, Washington

CSI Mission Statement

*The Construction
Specifications Institute
advances the process of
creating and sustaining the
built environment for the
benefit of the construction
community by using the
diversity of its members to
exchange knowledge*

The Gateway Goal:

*CSI will be the members’
primary gateway to resources,
programs, services and the
exchange of knowledge*

The Integration Goal:

*CSI will be the premier
integrating force in the United
States for creating and
sustaining the built
environment.*

**General Dinner Meeting
Product Display Program**

During these economic times it is important for our CSI product representatives to keep their product line in the forefront of Owners, Architects, Engineers and Specifiers resource library. CSI Mount Rainier would like to assist by adding more value to our product displays.

For the remainder of this fiscal year we are offering a reduced rate on our product displays of **\$90.00**. With this new rate you will receive the following:

- A table to display your product line during the Tech Talk, Professional Development and social portions of the General meeting

- 2 minute quick pitch during our dinner meeting which provides the opportunity for you to highlight your products

- Tent cards on every table at the dinner meeting provided by Mount Rainier Chapter explaining that your company has sponsored speaker dinner costs for the evening's event

Our hope is to have two to three product displays for each dinner meeting. If you are interested in signing up for one of our Thursday evening general meetings please contact Nora Vivarelli norav@pacmat.com.
